

10/607,012 Walker filed 6/27/2003 TC/AU 1713 ARL 03-02

REMARKS

In response to the Election/Restriction requirement in the Office Action dated March 17, 2005, the applicant elects with traverse to prosecute the Group I claims: claims 1 through 22. Accordingly, the group II claims 23 through 28 are withdrawn. The restriction requirement is traversed because there does not appear to be another process of making the claimed product by another process, apart from the examiner's mere allegation that the claimed product could be made using a high transition metal catalyst.

Please charge the fees and any costs for this Election/Response to the U.S. Patent Office Deposit Account number 19-2201 for the U.S. Army Materiel Command. Any deficiency or overpayment should be charged or credited to this numbered Deposit Account.
